Said hes isolating her from friends and stealing her phone so she only has him

Yeah! 10:58

They said her midwife has to see her regularly now

Ask them is he called J x

So they said about NYE x

They can't give details. I said I know that case and the children's school will overlook the eldest child as she is so quiet and well presented

She's not usually quiet x

Yeah they said he left her at home on nye to go to a party and told everyone she's crazy and deserves a kicking

Oh yeah it's them I've spoken to

11:01
If they did there's no denying it' x

11:03 //

11:02
So loads of services are involved including midwives

11:01
As they're still together

11:01
It's an on going case

11:01 //
They're using a current case as an example x

11:01
They've described him as a clever and controlled abuser

11:00
Oh yeah it's deft to them

11:00
And said she threw keys at him

11:00 //
Sounds like Jc
