He's asked why we are drinking so much recently, I said I'm not really but drank at weekend and mal made me one glass Tuesday. He said is mal trying to turn himself on so he can cure his Ed or something

17:28

Don't have a go cause it was just a question

I think that's him making a joke and not understanding that alcohol would actually have the opposite effect

08:32

Sorry but that is unfair criticism and personally I think you should apologise.

We have never had a problem with James getting up. If he wants to stay in bed a bit later that's fine as long as he's up does what he has to and leave in time for school. He's finally failed today fair enough. Therefore I'll have to intervene and wake him but not fair to punish until they fail.

You use to always say you wish you could do what I do wake up walk the dogs and go the gym and me sort the kids out.

Well you have that now and you don't go the gym or walk the do  
It's really not fair on the dogs.

I have sacrificed my gym sessions

I have sacrificed my gym sessions for your work. I managed a quick few weights this morning but I have piled weight on to support you. Don't think it's fair I get criticised

08:42 ✓✓

She doesn't want to look at me and doesn't want me to leave so I have to face away from her 😂
