Only text at lights. Why you not eating? Well get carbed up. The malvent calendar has plenty sugar in today x

I knocked my head on my swelling in PE and felt sick since been managing 1 meal a day. Im currently putting my list in order of best to worst and making a key graph to state who did what. If that doesn't show I have a problem I don't know what does.

Not exactly something I want to know the outcome of or really that you're doing that. I think our trouble has set you off. Once were sorted you'll be much better. Maybe I'd like to see a list of who you loved most. Hopefully I'd come close to the top. I've only been eating one meal since I was sick. Had to have a slice of toast this morning though as I nearly passed out in the gym x

Well how do you know that you may have come off pretty well 🤔

Cos I have low self esteem at the best of times. However I want to do more stuff like we've been doing. I want to explore your body more and have wild crazy sex. Then maybe I could move up that list. See how much better I am with two fingers. Just need to get you to the point I can get two in x

It won't be hard atm I'm like a cave. Constant wide on. Anyway you've done well on the list x

Well I don't think you're a cave. Just need to get you turned on. Then get two in. I could tell you enjoyed both in. Then maybe I can progress up that list x

My fingers still smell great x

Suddenly realise I can't delete messages from fb thought it would make you feel better but probs just gonna cause a shit fit.

Why would you send that? I don't want to read it x

Just hold the chat and delete. You keep saying you think you're worst so just thought you'd be happy.

Too late. What does V mean and who is name x

What does S mean x

And +? x

Not telling you until you tell me if it made you feel better

I don't know. Kinda yea as I'm not the worst on the list but I now need to know V + Name

Text Message

I can't answer that as I've just got loads of information about you having sex with others. Like I've

Out of the 9 you are and but all of that info is correct so do you feel better?

Well I want to move up the list. I won't rest till I get an ! X

Well you've defto always said it the smallest. That's not even me imagining it x

Girls are scribbled out, V is vanilla, * orgasm, ! Squirt, s=1 is the biggest s=24 smallest. Basically just look for keiron and as long as you're not near him you should be happy

I don't know. Kinda yea as I'm not the worst on the list but I now need to know V + Name * And what's scribbled out x

Katie

I can't answer that as I've just got loads of information about you having sex with others. Like I've said I don't care you've had a pass but I don't want to think about it. However some aspects of that has made me feel better. FYI if you ever get time travel if it's not true about me being the smallest don't say it. Don't mind if it's true but if it's not don't say you know if you do travel back x

In all honesty I can't remember johnos size but it was small, so small I put it in my ass before my vaj so I think defro smaller than you. The rest that are beneath you in regards to size are the same size but you're fatter x

Ok well size doesnt matter but let's work on the squirting tonight so eat and drink well today. Wuuz what time you in uni x

And girth is more important than length once the bell end can reach the g spot

I'm just finishing off I'm leaving

Katie

I'm just finishing off I'm leaving in an hour

Well stop wanking. Not gonna be good later for you. If I ask one thing will you promise not to go mad and if you say I can ask the answer and your response is not the one I want I promise not to go mad x

Don't get you

I have something I want to ask but I will only ask it if you promise not to get angry or upset. Just something I would like to ask to clear my mind x

Ask whatever

I'm not calling and I promise not to go mad but as you said we were over and you've changed fb status and all that. Did you send anyone any of them pics videos or snapchat. Promise I won't be angry at the answer x

Nope

Report

It's evaluating the concept of the kennel club ringing the owner of a dog to ask if they're still the owner of said dog and analysing why somebody under the name gibbons would claim to be the owner

What's it about x

When you starting that? x

Yes one due in 6 days that I haven't started.

You have anymore assignments due in before xmas x

Normally I would never think you would but I was scared this time x

Like I said not calling or judging just wanted to know so I could get my head straight x

Nope

Really? Strange question. Well I just registered him the other week. It needs to be done for breeding anyway. I found the form and paid to get him registered. Sorry was just scared of losing him as well as everyone else x

Well gibbons can be trusted. It's been something that I've been meaning to do all year for when we breed him. I got scared I'd lose all of you so made it a priority to register him. I think we've already concluded I can be an idiot at times x

But let's not let last weeks actions damage the progress we've made.

To summarise, the gibbons concept lacks validity and reliability. It cannot be trusted as therefore should not be used as an approach.

Katie >

But let's not let last weeks actions damage the progress we've made. Hence why I said if you'd sent a picture I would have understood and wouldn't have been angry. Registering him was stupid but when I'm sad and hurting like last week I do stupid things x

Before you come anywhere near me:
The dogs go in my name pronto, WhatsApp remains deleted, you put your scummy mates right, you post the cheesiest most heaviest status ever, you keep your dick in your pants, you do something heavy to get my attention and then you cry and tell me how much you love.

And if things go well DO NOT think we are engaged or I am going to have your baby. You will date me like a fucking gentleman with your dick in your fucking pants, how you should have done it the first time. If you want to marry me you sweep me off my fucking feet and you get on your knees and propose again. Then if

knees and propose again. Then if
you still want a baby you need to
save 3k for my boob job, agree to
the name that I decide on and
change your name to Kelly
gibbons.

Right let's not let this derail us we
were making progress. I did
summat stupid when we were on
an awful patch. I can keep my dick
in my pants as long as required.
We will just work on you.
WhatsApp is still gone. My mates
know I love you and I'm trying to
make it work well the two that
knows what's gone on. They know
I've accepted responsibility and
trying to save us. You know how
much I love you and I'm trying to
make us work. The past few days
we have made some real
progress. Let's just carry on
working on it x

Well the £3k will take a while to save but fine I give you everything I can. But I think your boobs are great. Plus I don't mind dating you. Like I said sex is a bonus I can wait till you're ready. We can still work on making you squirt x

What meanness sex addiction c

As I say you don't come near me until you've done as stated

Ok 🙄 I thought we had progressed. Well we're off all next week. Plenty time to date you. I will do the fb status. But I want to be doing summat with you well go somewhere and I'll do it properly x

Where and what time is the meeting x

Text Message

More stuff you've done. I'm estimating 3 more things will come up. So best just get it all out now and not waste time

What more for me to do? x

Obviously the boon job is after the baby
The first text is what you need to do before you touch me. No leeway
God knows what else will come up before you manage all that

I literally can't do it all today. No way I can do the £3k boob job today. Let's just talk tonight. I'll do a status but it's not gonna happen right this minute. I'll do it Monday though or if we go anywhere this weekend I'll do it then. Let's just carry building bridges. We were so close to being fixed x

I've played 6 times so far and I won't stop until it's all done
