Do you want a pizza tonight x

Right we're about to have a week off together. Something that rarely happens. Let's not spend it not speaking x

Like I said last I am sorry. You ripped a load of hairs out of my arm and it stung like fuck. It was an involuntary reaction. I am sorry that I slapped your leg but biting them hairs proper fucking hurt. Let's not fall out about it especially on Icarus's birthday x

All I've had in my head for 3 months is that I'm going to have to have your baby. I tried to arrange a meal 4 times so I would feel better about that, put my issues at ease. But no all we have done for a month since is argue and all I've done is cry and lose feelings. I've tried to work through this and felt like you were actually going to be adult today and go to the meal and he said I was looking forward to

5-2 James got a brace so far 11:28 //

Well you need to decide what you want. I can't go on feeling like shit walking on eggshells to what will piss you off next. That fact that I repulse you and I make you feel sick then we're kinda in a bad place. 11:28 //

I don't either it's mighty confusing. I'm just trying to get through the day without screaming obscenities in front of the kids 11:26

But no all we have done for a  
 month since is a 28 Oct 2017 I've  
 done is cry and lose feelings. I've  
 tried to work through this and felt  
 like you were actually going to be  
 adult today and go to the meal and  
 be civil. I was looking forward to  
 being able to move on and forget it  
 all. Then Thursday night you did  
 something I can't forget. On top of  
 that you've made excuses for  
 hitting me, blamed me for you  
 hitting me, and spoke to me like  
 shit as though I had done  
 something wrong. You've done  
 absolutely no housework for 2  
 weeks bar dishes and laundry. I  
 gutted this house Monday all I  
 hadn't done is mop. And all I hear  
 whether you've smacked me,  
 made me feel like shit or just been  
 disrespectful, you never apologise  
 all I get is "well you do no  
 housework" it's absolute bollocks  
 and I'm tired of hearing the same  
 shit because you can't pick any  
 other faults or just take blame for  
 your actions and apologise. You've  
 made me resent you and the fact  
 you aren't spending this time  
 doing everything in your power to

With what 12:10

I can't work with that 12:03

11:58  
I'm just numb to it all. Things need to change. I can't live like this much longer. I'm not happy at all. All I do is try to make you happy but nothing I do is good enough. I'm drained going through these motions. I put on a happy face to you but inside I'm almost dead. You need anger management. You need to decide what you want for us. Also with the meal I've not said I won't do it. Although I think it's a stupid idea I have said that I will go but I've been told you need to contact Liam. I can't control that

11:52  
made me resent 28 Oct 2017 fact you aren't spending this time doing everything in your power to earn my trust back says a lot. In fact you are acting as though I'm the one that smacked you. It's disgusting and you need to apologise for that.

With what

12:10

I'm not being smacked 4 times

then spoken to as if I'm the guilty

party. I told Beth and I told you if

you showed me just how sorry you

are and spent the rest of this week

showing me I would give it a go.

But you've practically just told me

you feel nothing. So I can't work

with that. You are incapable of

even pretending you are sorry. I

want someone that treats me right

fucking owns his mistakes and

fight to make me happy again.

And I deserve that. You are none of

those things. You have bought a

ring and thought you don't need to

do shit now. Wrong.

Wer are you mal

12:12 // I've apologised.

12:13 Can you fix my ecbox

12:13 Emily had my phone

12:14 Apologising is not even remotely enough. Look at the way you have been speaking to me. You better show up with some fucking u turns in the next hour.

12:21 Me and mum are going to the park

12:21 // Well I'm just numb to it all now. I'm heavily in Credit for grovelling. If you hadn't used so many credits on making me grovel when your doughnuts weren't perfect then maybe I'd show more remorse. I just feel shit and unhappy with life

12:26 Can we go the playarey when you are back

Tell Emily there's pugs everywhere
