

I'm not trying to punish you, it's
lot to digest. I can't help that it's
taken so long for you to call me. All

If you want to punish me for having
sex with other people before we
met and bring it up with every lil
thing I say I'm not interested

Joke about what? At what point did
I mention the number there? It's
you who brought up thinking your
the worst. If you're struggling to
get your head around it that much I
don't want to be sleeping with you.

I'm not ready to joke yet, I'm still
trying to get my head round it x

Also, I'm very dissatisfied with you
in the bedroom. We need to talk
about this. You are the worst shag
I've ever had. You seriously need
to put more effort in in the
bedroom because three orgasms
in one session is just not good
enough

Right I'm not looking for an argument. I'm just trying to deal with it. All I've said is not to make jokes yet. Sorry it's hit me hard but I've just got to get my head round

Nobody mentioned the number. If you can't take a fucking compliment that's your problem. You just wanted to raise the issue again. You obviously can't stop thinking about it so don't be coming anywhere near me with your dirty thoughts. I haven't slept with anyone behind your back how dare you compare it to that!

I'm not trying to punish you. It's a lot to digest. I can't help that it's taken so long for you to tell me. All I said is I'm not ready to joke yet. I'll be fine just how would you feel if you found out I'd slept with someone behind your back? Yday you'd slept with 9 people today you've slept with up to 40 I need to digest the info. Not having a go just a shock to the system x

Right I'm not looking for an argument. I'm just trying to deal with it. All I've said is not to make jokes yet. Sorry it's hit me hard but I've just got to get my head round it. Not looking to fall out but you can't expect me to just be fine after 3.5 years believing one thing and it being completely different. I'm sorry just give me a few days to digest it. I can't help but be a bit shocked and upset. If I went into the relationship knowing this I'd have no reason to be a bit upset now. Half of it is things you've said in arguments that may or may not be true that is now spiralling through my head. So let's not argue let's not joke about it and I'll just work it out without trying to make things weird x

Show him the affects of her wetting the bed and say she's getting worse it's affecting her education and confidence as she constantly smells and she refuses to drink so she doesn't feel the need to see as much and is constantly dehydrated

1) you've lied to me for three years. I can't help but be a bit hurt by that.

Three points that's upset me. Not holding anything against you. It's your past but the news is present. It'll just take me a few days to get my head round the three points below. You joked about number two yday. I just don't want to speak about any of it. It'll just take me a few days to digest. Doesn't mean I love you any less. Just don't want reminding of what I'm trying to forget. But you being mad at me is making me feel worse not better. So these are the points. No more is to be said on the matter.

shiest in bed out of 9 (which most
of the 9 I knew about treat
shagging as a sport) I can accept
but shiest out of a possible 40

I can't carry on like this. We need to sort us out. Not even about why you're not talking to me I've explained that to you. It's a big thing to try and get to grips with I needed time but you've just treated me like shit for being shocked and hurt that you've lied. You're not good for my mental health. We can't carry on like this. I do fucking everything for you treat you and the kids the best I possibly can and you constantly treat me like this. I can't carry on doing this it's so hard. You need to stop with this silent treatment all the time. You are completely in the wrong here. You need to decide stop being like this with me or leave me. It's not healthy for me. I
