15:11 // Nothing

15:12 // He literally was so happy last night

15:21 Can you not ring them? x  
15:21 Who's getting him? x  
15:22 Have they told stu x

15:33 He didnt even take him back to school. Stu was the one who took him today. They told him there

15:33 Was stu in the room x

15:34 No hes saying hes not a clue what's happened but that's a lie cause hes with him so he would just ask

15:35 So he knows but hes not telling me

15:35 I honestly dont know how this child has survived this pregnancy with the amount of stress my body is under

15:35 Tell him to ask him what was said

15:35 It must be big whatever he's said. I'm scratching my head there's

21 May 2019

Tell him to ask him what was said.

It must be big whatever he's said.

I'm scratching my head there's

nothing at all I can think of. He has

nothing to worry about at all at

home. He gets to do what he

wants his own room just doesn't

get to Xbox all the time and has to

tidy up after himself x

15:37 //

Ironically he's not exactly safe at

stus x

15:38 //

No stu is enjoying every second of

this I'm not asking him anything.

This is the problem. Now he has to

sleep on a couch and play xbox

until 1am for God knows how long.

I cant cope with this. No wonder

suicide is rife

15:39

He'll be back later. If he's told any

lies I'm sending that phone back x

15:40 //

Later?

15:40

Social services make that decision

cant imagine them coming out at

Social services make that decision

cant imagine them coming out at

this time

15:41

They may be happy with a phone

call x

15:42

No I imagine this is serious mal

15:42

We go to camhs regarding his

mental health and attention

seeking lies so he could get better

not worse. I cant deal with this

anymore.

15:48

Ring social services. Say you need

to know today x

15:49

I'll ring them tomorrow when Emily

isn't here x

15:50

Feel sick to my stomach and cant

stop shaking

15:50

I'm dead worried it's about me k

I cant even think of a situation !

this year where anything has even

been said x

15:53

I've been racking my brains and can only think when I was ill in bed and he had to take Emily to school

15:52

~~I'm thinking is it even stupid stuff where I go remember that time I hit you on the back of the head playing x~~  
~~Seriously can't think of out. He's not been hit he's not been punished for anything. Been quite happy recently honestly I can't even suggest even a little thing it could be x~~  
~~Apart from him not being able to go on his Xbox all day x~~

15:51

15:50

15:50

Well its gonna be worse than his last lie because last time they just rang up and spoke to us.

15:50

I'm returning that phone. Sorry, he's got a lot of making up to do now before he gets out of me. He's old enough to understand

Yes they will arrange coming out for assessment. Stu told me he wasn't in the room during session but just found out he was. He is telling loads of lies. He will have exasabated the situation

What the fuck is he doing? Are SS coming to speak to us or not. Why's he afraid of you? Is this stu do you think? x

Stu is trying everything to stop me having him. Social worker said its advice but they cant stop me. James has made out hes petrified of me and we made him lie about last time and you really did hit him. So manipulative where the fuck has all this come from he was fucking perfect Monday night

10:47

10:48

Hes not said anyone has hit him hes said hes scared that he will get hit if hes naughty

10:48

I dont want to be away from my child for a fucking fortnite map

10:48

Stu will have put words in his

mouth and ideas in his head about

Well I'm so stressed I feel sick so not in the mood to be name calling

11:10

Sorry just pissed off. Stus just been a cunt. Fucking saying he's not safe at ours when fuck me I wouldn't trust stu with a tamagotchi x

11:09

Stop stressing me out further cant cope as it is

10:50

Then get on to csa and demand money off that cunt x

10:50

Fucking piss take. When he's back tell him he's not allowed to stus until he has his own bedroom x

10:49

Well apparently he's still going round saying I've punched him x

10:49

Stu will have put words in his mouth and ideas in his head about staying with him so I'm not believing anything until I speak with my son
