Right just leave it please. Just lets

drop it x

14:46

I don't want to argue x

14:46

Nah you're not dropping it to bring it up another time like the

argumentative prick you are. It's Kelly gibbons or Kelly you need to decide cause I cba no more mal. Not doing this for 6 more months to end up single anyway.

14:49

Oh behave we're not gonna

divorce over a name. My only point with the name is there's no one in the house legally with that

Taylor and a gibbons. Emily has said at times she wants to be gibbons and the fact you allowed

Chris have Taylor but won't allow me to have gibbons is hurtful. I

give everything I can for you and the kids. This is the one thing I've

ever asked for x

14:57

Biggest mistake I ever made and Emily will be Kelly not gibbons.

Biggest mistake I ever made and Emily will be Kelly not gibbons. Gibbons is not happening so decide now. I'd rather enjoy my singledom than put up with this ungrateful shit

14:54

You'd throw everything away over a name? Right I'm not carrying on this argument. There's no need for an argument and no need to stress it's not good for you or Frank x

14:56 //

Exactly. Not good for an already shit pregnancy but yet you still argue over it and take this piss

15:05 //

I wait on you hand and foot. Not just through pregnancy always. Give everything for you and the kids and never ask for anything in return. I never get complimented

15:11

Because I've yet again been tricked into becoming pregnant when I don't want to be and all of a sudden the male tries to take control when agreements have already been made once its too late for me to back out. Nah. Been fucked about enough and this is the worst pregnancy of all so from now on its MY concern not yours.

15:07

Don't get why you've got so bloody angry

15:07

David Kelly it is then. BYE

15:06

X
I always let you have your own way

15:05

I've just said you can name our kid after someone who assaulted me. What more do you want 🤨

15:59 //
Ok I'm sorry to hear that. I'll still be
ever present in franks life and
Emily's and James if I can x

15:55 Not a chance. I'm done.

15:44 // Sound. So we ok now x

15:39
As I said it's not your concern any
longer. I was willing to compromise
with double barrel but not
anymore.

for the good things I do just
moaned at for stuff I don't do
perfectly. So whatever. I wanted a
child with you hence getting
married to you. The name
shouldn't be a massive argument.
The only reason you wouldn't want
my name is if you can't see us
together x

Just because your ex's have treated you bad doesn't mean you have to be so defensive with me. I know you're use to getting your own way with me but this is something I care about. It needs to be an adult conversation not throw your dummies out the pram until you get your own way 08:01 ✓
