We had a big argument on 16 Jun 2015. This was our first big argument, I said "fuck sake" under my breath when we were in Pizza express Bolton and James slammed his hand on my pizza. I had taken Katie and him out for the day and hadn't eaten at all then (which was about 18:00). She tried to gaslight me that I call him a "dirty cunt";

I tired talking to her, she didn't want to know, I sent her an Facebook message, no reply and I posted her a letter. No reply. Therefore, I left her to it. She then replied on 30 Jun 2015 when I had given up. She called me and asked to get her as she was wearing a bikini! walking home from the poacher and some lad that she had been on a date with was following her home. I do not believe there was any lad as I never saw one. This was before I realised how much of a compulsive liar and gaslighter she is.

After over a couple of weeks without communication she'd put something worrying on her snapchat story.

I was seriously worried about her safety and as I made to believe that I had done something wrong I wanted to make up for my mistake (which I was adamant I did nothing wrong, but she convinced me I had).

As you can see, I was adamant I had done nothing wrong (but was still apologising) by the end of it I was begging forgiveness.

Hello I don't want to be that guy that pesters you but I want to talk to you. I miss you and I want to see you. I'm sorry I snapped I shouldn't have swore it's no excuse but it was a hard day. I didn't swear at James and he didn't hear it but again that's no excuse. We work well together and I love you more than I can say. Im far from perfect but I am learning with the kids. I like them and they seem to like me. If you will just at least speak to me or let me come round and discuss things with you I would be the happiest guy going. Also I've just seen your snap chat. Are you ok what have you done? Do you need anything x

There's no new girl. I spoke to some bird about her dog the other day that is all. I'll never forget am get about you. You'll always have a special place in my heart x

You're on tinder but you came round here asking me back. It's not loyal to me or anyone you speak to. You need to decide what you want.

Well I went on it for a few days just to try and get you out my head. Not looking for anyone just to talk and distract me. I would like some form of relationship with you. No matter how little you'll give me. If there
