Do you need a lift for the car x

I know what I want. I want another shot with you. But if I can't have that. I want to be able to speak to you without you hating me x

If you wanted another shot you wouldn't have gone on pot. I didn't want out do with you but still didn't go out for a new guy. It's not in any way loyal.

I don't want anyone else. Like I said I popped on just to try and get you out my head. Just to talk. Didn't even flirt with her. I spoke about her dog for three messages got bored and left it there. You wouldn't speak to me my head was in a bad place. Didn't know you was ever gonna speak to me I was trying to get

Do you want one then x

I don't want anything do with you when you're on those sites and talking to girls. It's not fair on them or yourself. You need to atleast keep the loyal in you

So I do have a chance at a second chance? x

What are you on about

Also not talking to girls. Did it for a few hours and felt bad x

I said I'm not being a part of your life if you're on those sites. It's not fair on you or them

Well I'll delete it. I've not even been on two days. So does this mean that there is a chance

Why delete it? I'm not getting back with you so what's point.

You're confusing me x

You can't expect me to take you back like that

I'm not. I'm asking for a chance to make it up to you start from scratch let me prove I can be a better man. I will keep the good stuff and change the bad stuff x

If you want I could come to James' sports day today. I don't know if that would be too soon if you said yes to a second

I'm not gonna day try and prove yourself to me cause you should be loved for who you are not trying change. Also there's a very big chance I'd never want you back. I wouldn't want you to waste your time.

Well you're worth me wasting my time. So does that mean there is a chance no matter how little that there is a chance? That guy on Friday wasn't me. You know that. I've never been like that before and that doesn't justify not giving it but you know that's mine. I was wrong and I would never do it again. I can be

But I need a chance to show you that x

You're not getting near my kids to prove anything. You can't be trusted. I can't put my kids in that position or I'd be failing as a mother.

I think you know I'd never do it again. Or anything remotely like it. Do you want a lift then? x
