Mal blues just bit Erin she's hysterical

11:23

Bad? Why? What happened x

11:23 ✓

I've not been able to check her over properly cause she's so hysterical but looks like a very bad bruise rather than gash

11:29

What went on? Was she unattended with him? x

11:29 ✓

No all she did was stand up leaning on him

11:30

It's calmed right down now and she does have a mark on her thumb too but I can't get a pic of it

We need to be so careful because that is the exact spot people look out for having marks when safeguarding

12:26

Cause you can't catch yourself by your ear when falling etc

12:27

Don't trust blue one bit anymore

12:27

Not defending him but she's probably hurt him and he's snapped. I doubt he's meant to catch her as it's not in his nature but the risk is there. Need to make sure she's not left alone with him pestering him. It's us to blame not him he doesn't know and neither does she but luckily no serious harm done. Just need to be alert x
