Sound. I doubt I'll get time to take Emily swimming z 11:04

Why 11:06

As I have loads on. Need to be leaving at 19:15 for football. I have to nip B&Q on way home then walk the dogs then carry tiles upstairs x 11:09

Well do you not think the football is the least important? 11:11

I want to go to the gym but I won't have time 11:11

It's my one little joy. Plus it's Blackpool plus a few of the lads are going who I rarely ever see. Plus it's paid for and would be a waste of money. Plus I missed four games over Xmas. I rarely do anything for myself x 11:12

No chance you can take her x 11:11

The gym is my only joy. I will have

The gym is my only joy. I will have

5 children and a 5 seater car how

do you expect me to manage that.

11:13

Will also be a waste of money for

her to miss swimming

11:14

Right I'll try but I didn't know you

wanted me to take her till last

night. I'll have to carry the tiles up

after football then x

11:18

That's fine but I told you I was

babysitting. My weeks off are

never really weeks off

11:23

I don't often get time to chill at all x

11:24

It's pointless really moaning just

get on with it. There will be a time

that we can chill out once all these

jobs are done

11:25

Well I don't get any chill. I'm up at

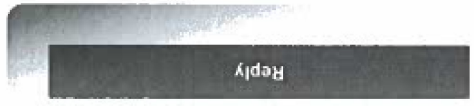

5:15 and only in bed once in a while

I don't get much time for tv. I think I deserve a little tv in my life. It's only ever at night. Never get a chance any other time x

11:37 She said her husband will be home from 4 x

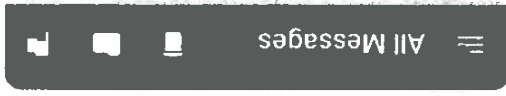

That's fine before 4pm if poss
