12:19 ✓✓

If you have a bad day in work, dont go to the gym or get knocked back I get told I'm treating you like shit. If you dont want to buy me anything so are looking for an argument so you dont have to buy me anything, dont buy me

If I cant even ask you what you mean buy a text or say 1 present is enough you have a real issue. I dont like the stuff you like, we aren't of the same taste. It isnt my fault and it isnt an insult. Please just leave me to get my ex boyfriend out of my life rather than trying your best to sabotage every moment I take to sort this statement

That's much better well done

12:26

I've always been supportive and tried to help but you just take all your anger out on me. It does grind me down over time. I don't mind being your punching bag if at the end of the day I get a sorry don't mean to be a bitch I just have a lot on. But instead of focusing your anger at the right people it's just aimed at me. For instance this weekend x

12:27

As I say, I'm trying to focus on something that is quite important. Do you know how it feels to be stalked and harassed by a violent man? To have your family, career, life turned upside down? To have a group of people gather and threaten, insult and consort to make false allegations against me to ruin your life?

12:31

I won't have yet another man take his anger out on me because his

12:31

I wont have yet another man take his anger out on me because his pride is hurt I wont fucking stand for it so if you cant take a knock back or getting a present wrong or whatever you're upset about you really need to move along. I'm going through hell and you are not the one comforting me!

12:33

And I try and support and that anger should be focused at those responsible like SS and stu but the anger is aimed at me. Just a little "sorry don't mean to take it all out on you" from time to time would go a long way. I try and help. I offer to take the kids and help but on sat you told your mum I'd been fucking about all day. I went the gym for 70 mins and you gave me a big fuck off shopping list when I asked for just a few items (also we do have mince meat in the freezer like I thought). However you forgot to tell her you was in bed three hours whilst I asked you to have the b. whilst I nip the gym and get everything done so you can go

Funny how you're doing it now after I knock you back. I am perfectly calm, it is you who just erupted. Where is my apology? Dont ask for one just try and calm you down with a nice picture and remind you I dont need a gift. But yes I'm fucking horrid. If you are treated so horribly dont come onto me.

12:38

You clearly want an argument but guess what you are right down the bottom of my list of people I need to argue with so step aside and argue with someone who has less priorities

12:39

Right just get your work done I cba arguing. Just don't blame me for others actions x
