Very clever she used the shirt as grip

She's definitely the worst child I've ever met but so funny to watch

Think we need to look at this new house. I'm concerned we're not strong enough right now to buy a house. We'll be paying £10k in solicitor fees and it's a five year mortgage so to change it we have to pay 5% of the balance in the first year (£10k) 4% year two and so on till we are out of the five years. Tried to discuss it with you but you've walked away twice. I feel awful as that poor couple are expecting to move soon. Need to make a decision very soon what you want to do as it's not fair on them
