No unlike you I would make sure none of us have ccjs. A marriage is a partnership. You can't be selfish in one.

12:09

Ah you can see the light. Not stressed anymore? That's convenient. Don't wanna swap then? 😊

12:10

You're right the I can't be selfish x

12:10 ✓✓

I've done all the fucking hard work. Why would I want to swap now? x

12:10 ✓✓

If you think you're fair you wouldn't take issue with swapping positions

12:10

But again I'm trying to be supportive and all you want to do is argue x

12:10 ✓✓

The money is yours but the money stress gets put on me whilst I hide all my stress.

12:11

You was forcing me to spend close

12:11

You was forcing me to spend close to £150 a week on fucking takeaways for months and months. You just can't control money x

12:12 ✓✓

You're not being supportive you're being projective. You don't understand how it feels to be me but you aren't willing to try

12:12

Forcing 🤔 you get your pizzas when I'm at work mate try the next one

12:13

If you're willing to try and understand the other so am I just shout

12:14

Your mum was asking what I wanted for my bday. I said I'm hard to buy for I don't need out. In since March I've bought a few T-shirt's (<£20) a running armband a case for my tablet a pair of trainers and some thinning scissors. I'm not fucking pissing money up the w

Stop pleading your case and trying to convince me you're good. Why don't you try and understand me instead?

12:15

You've finally decided to go to work. You could have been working for nine months. That is not my fault. That is yours. You decided to do that not me. I just pick up the pieces

12:15 ✓✓

I do understand unfortunately a good chunk of the issues have been caused by you. E.g not complaining about Ross and not getting a job. I'm trying to be sympathetic and asking what can we do with the situation we are in

12:16 ✓✓

You're still at it 🤔 12:16

Some PRACTICAL man you are eh pull the next one

12:17

I've asked what's next what can do? I've asked questions like can we set up a payment plan. I have

12 Oct 2020

12:17

I've asked what's next what can we do? I've asked questions like can we set up a payment plan. I have said I will donate £50 to the cause. Seeing as all your wage is disposable I'm sure you can put a bit more than that towards the solution

12:18 ✓

£50 towards £750  12:31

There's lots we can do but nothing you are willing to do.

12:32

£50 towards £750 

A month. I can commit to that now. Of overtime stays shit. That might be it for the foreseeable. If overtime is more free flowing I can give more. I am asking what can we do. When you start getting a wage you will not be paying towards anything. Your income will be 100% disposable. You will be financially in a better place than me. Yet I am still offering help x

Do you love me? 09:20

Yes x 09:25 ✓✓

Do you respect me and my feelings? 09:29

I do x 09:30 ✓✓

What is your opinion of me? How would you describe me to others? 09:31

It depends on the day. Right now the opinion isn't as good as this time last year say. I do think you're kind and caring but I also think you're blinded to what you see. You don't see me as someone who tries to keep everything afloat and everyone happy and safe. You just see that there are problems or hurdles in your life and that wouldn't be there if I wasn't there. True you'd get help with court fees if I wasn't there but you wouldn't have a good dad to Emily, the house the bills paid everything

if I was 14 Oct 2020 you wouldn't have a good dad to Emily, the house the bills paid everything else. You only seem to see the negatives of my existence not one single positive and if you do see them you keep them secret x

It depends on the day. Right now the opinion isn't as good as this time last year say. I do think you're kind and caring but...

So you're saying if we split you won't bother with Emily

09:42

I cannot see how you come to that conclusion x

Well the competition I have ain't

09:50

What's the choices x 09:50 ✓✓

But IMO someone's opinion of me  
and the respect they have for me  
shows in how they talk about me to  
others and I'm struggling to see  
that you respect me or even have  
any form of regard. 09:50

But ask yourself do you show me  
any respect? Not shagging about  
isn't respect it's kinda the terms of  
marriage. You never say thanks or  
appreciate anything I do. I just fi (v)

marriage. You never say thanks or appreciate anything I do. I just feel like you just criticise me none stop. It's hard to get butterflies for someone who treats me with such discontent x

09:52 ✓✓

You say you do but I can't believe what you're saying and I don't see the evidence. It's very difficult to make a decision because of this. I need to know these things to make an informed decision. I just feel like you have no idea what you've put me through and you aren't willing to try and understand.

09:53

I could copy and paste that text and send it to you x

09:54 ✓✓

I'm very willing. But I feel like you're not hearing me and now it's turning into an argument so never mind.

09:55

IMO the relationship was doomed from the start and I'm wondering if I'm being too hopeful expecting things to improve.

09:56

I don't want to be too hasty but

12:33

things to improve.

14 Oct 2020

09:56

I don't want to be too hasty but  
also don't want to waste my time

09:57

You always see things as an argument. You just see it as you're the victim in all this and you don't have to change. Just think how soul destroying it is to leave a clean house and return to a filthy one. Think how that effects my mental health and how hard it is to see how much disrespect for me you have and be all happy and cuddly to you. There's things you can do that will improve my mood which in turn will improve my attitude toward you x

I'm the same. I want Erin to have a nuclear family but I fear she'll see us growing up hating each other x

09:5

I don't want any of my children to think it's normal the way you speak
