Three days off the meds and my skin is bad. It'll be bleeding by the weekend I think 😞 x

08:52 //

Wanna make an app at docs or just stop? X

08:53

We don't have to have a baba x

08:53

I'm just complaining that's all x

08:53 //

You still wanna go through with it?

08:54

Pains not bad yet. Finger was fucked this morning but it can be like that with meds x
Yea but still gonna complain about my skin 😞 x
I'll complain about the skin more than the pain x

08:54 //

Well as long as you know that you could be covered in 3rd degree burns and I'll still be attracted to you and want to fuck you 24/7

it's something that's always used as a put down that I can't make you squirt. So either you can't squirt anymore or I can't do it but as we have only tried twice this year then we just have to spend time trying. If it's still possible for you to squirt then we just have to

You said the other night you'll turn the light off when I make you squirt X

10:16 Light?

10:15 ?

10:15 Eh

Well it's something you always say you miss and it means you'll turn the bathroom light off x

I went without actual sex for you mal. I'm pretty sure I'd do just about anything for ya
Nobody has that achievement.
Katie needs sex.

You always use it as a put down so

10:21

I can't 10:27

10:37

Maybe a genie will come out of it?

Well just stop x 10:37

it's difficult to not rub it 10:37

Well we need to build up to get two fingers in you then I can use that technique. But it will take longer to get the skill if we only do it twice a year. Stop rubbing your Pussy for the rest of the day. I'd imagine that can only benefit x 10:34

10:31

Yeah but only if you do it the way I was telling you last night. It'll just take a while to build up that skill

just need to ston nestering to touch like stimulates me. I don't mind you telling me what to do to you just leave me out of it. You always use it as a put down so it must be something you miss if it's possible for you to squirt it must be possible for me to make you squirt x 10:23

You say we don't have time we'll have sex later

Then don't have sex
