

Well I can't solve it if you don't know. What do you think you want x

I don't know

Well what can I do to help x

I think you need to stop being resistant and try and be relaxed round me again. You cuddled me last night and wanted to hold my hand. That makes me think you want to sort things out x

When did I do that?

When you was asleep x

Well half asleep x

Can you unblock WhatsApp please as I have wifi but very poor signal x

I didn't tell you to leave but like I

said not grovelling this time

because you've done something

unreasonable. I'm sick of it your

choice x

10:01

I don't want you to grovel. I want

someone who treats me like they

actually love me. And for you to

actually do as I ask for once in your

life and leave me alone x

10:02

I always treat you with love and do

anything you ask. I let you do

whatever you want. However when

you do something stupid like buy

that trampoline then get angry that

you won't listen to reasoning then

what am I meant to say x
