Not sure she's grunting every movement like it's a task, eyes very heavy, wants to go to bed, won't move from my arms, sitting for England

This football match is just like being at home. Just hearing James do this James stop doing that

11:09 ✓✓

He's just in his own world. Just not positioning himself. Constantly being told to chase to track back to get back etc. he hasn't shouted at any other individual. Only time I could disagree is she he got shoulder barged and went flying Mike said you need to stay on you feet but that barge could have taken Stoz down

11:31 ✓✓

Well I really don't feel like going out

11:53

Every time I turn my back seamus has thrown up or pissed somewhere. I've had to change Erin as she has sat on her chair that's soaked in piss

11:55

I've not had chance to get ready as Erin needs lots of cuddles today so

The kids and the guest dogs will be gone.

We're going to the Trafford for food shopping and cinema.

You don't need to be done up to the nines

But we can go whenever so if you really want to spend a few hours doing make up you can.

It's about time alone together. Not what we do in 12:15 ✓✓
