Anything but my dear

I know I try not to add to the unhealthy side. You can help it be healthier by not having all these demands. I don't think I ask you for anything x

Shoes you like capturing those important moments

Well to me fb means nothing. I see stuff on fb and I think if they're making such an effort to put things on fb then it's cos things aren't right at home. Fair enough I don't take many pics but I'm not one for taking loads. I take stuff of funny things. That's what I like. 90% of the pics I have of the dogs they're doing summat funny. It's nothing to feel bad about I don't take pictures when I'm out with my mates. Emily lol but I'm not normally

I did take shit loads of Emily tbtf but I'm not normally one for taking them. However the other week I wanted to put a picture of you on fb and you kicked off and demanded I didn't. Was gonna say thanks for the bday night out and wasn't allowed so I can't really win x

It wasn't a natural pic and I

looked like shit. Never mind

forget I said anything.

Just gets to me that when guys

inbox me and I say excuse me

I'm taken they have no clue

It was a natural picture and you

looked beautiful x

What you mean they have no clue x

They have no idea I'm taken as there is nothing on Facebook

Right I promise to make more of an effort to take pictures. I'd already started to use Instagram I promise you I will make much more of an effort to use it and post picture of the whole family x

It's not something I'd like all the time as I think it's fake. Even if it's just funny I couldn't care less. But you moan I get so much attention and it's mostly because nobor ↑ ows I'm taken

Well I'd imagine they wouldn't have a clue anyway as Random people can't see your fb stuff x

Right well I've told you I will do more on the pictures stuff. If you want me to put a status I will however if roles were reversed I wouldn't feel a forced status is genuine. The people important to me know I love you. I don't think someone who I use to know or even cares. But I will put much on fb and instagram. It's not that I don't love you or

The people important to me know I love you. I don't think someone who I use to know seven years ago needs to know or even cares. But I will put much more on fb and instagram. It's not that I don't love you or the kids it's just that I don't use either app that much at all x

I'm not forcing you I wanted something natural but apparently I force you to do everything. Probs forced you to go work too.

Well that has been my argument I have said let's do summat and I'll get a nice pic

Well that has been my argument. I have said let's do summat and I'll get a nice pic and I'll put summat nice on. You'll just have to wait. If you want it this minute then it's not going to be very genuine. I will going forward put more social media things on about you. But to me if you're happy or proud or appreciate me doing summat I'd take much more pride if you gave me a kiss and told me rather than put summat on fb. However if it's important to you that's what I'll do. I just didn't realise how much it meant to you x

Isn't important to me but obvs would be nice once in 3.5 years

Right well I have given you my word that I will put stuff on about you. Like I said I did try the other week. Whether you thought you looked nice or not I thought you looked beautiful. I wanted that picture with for me a pda message saying summat like "this girls treating me to a night out what have I done to deserve her" it was summat like that I was thinking of and you stopped me x

You said you were sending it WhatsApp and I a massive shadow face
