What's the step below urgent x 11:19 ✓

To change the court order. It's 750
I basically said I don't have 750
and they said how do you not have
750 when your husband is on that
wage and you are renting off his
dad cheap? Honestly wish I never
moved in 11:20

Did you say we were living on one
wage and them payslips A) aren't
exactly normal and B) will be much
lower going forward x 11:21 ✓

When you half my wage we are on
less than two normal people and
I've paid off a lot of debt bit by bit
x 11:22 ✓

Might be better going with Alker
and Ball and adding to the bill
there x 11:22 ✓

Mal 2k a month is the cut off

11:22

Well that's £24k a year so we were
always going to be over that v

Well that's £24k a year so we were always going to be over that x

11:23 ✓✓

No with applying to the court you need the money up front. They practically laughed down the phone at me asking why my bank statement was so low and direct debits were being missed when you're on that wage. It's fucking embarrassing

11:23

Well It because we racked up loads of debts and I've been trying to juggle a lot of plates to pay them all off. £100 ain't a lot of money but when you're paying 5/6 of them a month it's a fucking lot x

11:25 ✓✓

You have the cheek to ask for my wage for bills after this when I've not been helped one bit financially. You've been so selfish and as more and more people are saying it the more I'm realising how unusual this is.

11:25 ✓✓

I've been fucking struggling life fuck. You just demand money on the spot and expect me to pull it out my arse. Been working every hour I can to fucking pay random fucking bills. ASC, solicitors, your car, Botox, the wedding etc I've been juggling a fucking lot and this past month (that's how recent) they have come down x

11:27 ✓✓

You never paid for the wedding, my car wasn't expensive and is completely expected, asc is expected as we booked them in, solicitors is expected and you only willing to pay 50 a month, Botox is the only time I've actually thought no he can actually fucking pay for

You never paid for the wedding, my car wasn't expensive and is completely expected, asc is expected as we booked them in, solicitors is expected and you only willing to pay 50 a month, Botox is the only time I've actually thought no he can actually fucking pay for it and treat me and you've brought it up six times so far! I can't even pay my fucking phone bill £36 fucking quid a month what a fucking joke and you're saying you're stressed! People do what you're doing on 18k with 600 rent to pay. I won't listen to you moan one more time.

11:32

I don't tend to moan to you. I just keep things to myself and plod on. I never say no to you when you ask for money. I've caned the overtime the past three months and just paid shit off. I spend fuck all money on me. I bought them trainers after paying for your cosmetic treatment and you had a fucking go at me for it. Absolute joke. You could have worked a long

cosmetic treatment and you had a
fucking ^{12 Oct 2020} ~~you at the~~ for it. Absolute
joke. You could have worked a long
time ago. I wish to god to could
have spent a month being the one
fucking worried about money. It's
fucking stressful. The other month
I finished the month with <£10 left
of my overdraft. These last three
months OT have been great.
Managed to pay that overdraft off.
I don't want to go back into it. Now
you want me to spend a £100 on
fixing your phone so you can give
James a phone cos he broke his as
well. No please just a fuck sake do
it. No fucking respect at all

11:37 ✓✓

You think I'm not stressed about
money 😞 I have 4K+ of solicitors
fees to pay 1.5k credit card to pay
off usual bills and a dying car. But I
have no fucking money to pay it so
I just don't moan. Don't ask you for
shit only recently started asking
you to pay childcare and obviously
solicitors when I was pregnant. I
asked you a number of times and
said I will put money towards it.
That's why I said ffs because I've
been asking constantly and

10:17

82

< 10  Katie Kelly Old

asked you a number 12 Oct 2020 and said I will put money towards it. That's why I said ffs because I've been asking constantly and nothing has been done. I need my phone back I need to know my fucking son is safe. But no how fucking dare I ask my husband for help ensuring my child's safety. I'm a fucking horrendous person aren't I? You say you wish I could be the one stressing about money? Tell you what mal give me your wage. Within a year all our money worries combined will be over and there will be a new house. Tell you what do that then you can try being in my permission. Scared to ask for money for petrol, food, phone bills, Netflix to get your head bit off. But nah you won't have it that you're the issue.

11:47

Ok tell you what I'll start again.

Sorry. I reacted angrily to a text you sent having a go at me for nothing that is my fault. It's obvious that I'm going to be annoyed at that sort of treatment

12 Oct 2020

Sorry. I reacted angrily to a text you sent having a go at me for nothing that is my fault. It's obvious that I'm going to be annoyed at that sort of treatment but I should have been the bigger man and took it on the chin as usual.

I am sorry you are unable to get funding for the solicitors. I know that must be frustrating. Again without being petty this wouldn't have been an issue if you had complained about Ross. But we're past that and can't change it.

You tried and it's been a no. So we will just have to look at the next steps. Can you get a payment plan in place to pay these new solicitors monthly? I was hoping to put the ASC money towards paying off the couch but I can put that £50 towards the new solicitors instead.

Last year I brought home £36k (that's £18k each really not a massive income) I was hoping for

towards the new solicitors instead.

12 Oct 2020

Last year I brought home £36k (that's £18k each really not a massive income) I was hoping for £42k this year but I'm looking more at £40k thanks to two months no overtime and so far looking at little to none for the next few. Unfortunately the past few months pay packets have been amazing but they aren't normal. I can send you more normal ones if you like.

So let's see how we can get through this constructively rather than you having a go at me because of a situation Stu has put you in and me reacting to the way you're treating me because of it x

12:01 ✓✓

You not being fair with money isn't "not your fault". So you wish we could switch positions so come on, let's switch!

12:06

You like being logical so let's do it let's swap let's be scientific and experiment lets see how it feels

I have been more than fair x

Okay I'll be fair too come on

12:07

Didn't think so

12:08

Unfortunately I would end up with
CCJ after CCJ I HAVE to pay the
bills. I fear you would just ignore
the bills and pay what you want x

12:08 ✓✓

After all my stress and worrying I
can see the light at the end of the
tunnel. I'll have paid my car and
everything off in about 14 months
