I'm sorry I shout when you get stressed at me. I find it triggering I do try not to
07:01 ✓✓

Yeah now I've made it. 07:01

I just feel like I take your gym sessions into consideration but I don't feel like you consider mine. Cycling is all I have during the week now. And if anything goes wrong I'm late for work
07:02

Has she got her uniform on 07:03

I was two minutes late and you was having a go at me despite you playing on a game for five minutes so your argument was invalid. You also need to take into consideration I get very few trips to the gym now that you've started yet another job. I'm absolutely exhausted now and could probably now get to sleep. I'm really going

I'm really going to struggle today.

I really do think I try to accommodate everything for you and am as flexible as possible but if you're stressed you take it out on me. I feel the canal was the real issue today but I got the stick. You having the cycling is more than I get Monday to Friday but I've not complained once

I'm going to ignore some of those comments but I'll finish this conversation with two points I'd like to point out.

1. You said sex is the only thing I'm allowed to wake you up for. Yet again the goal posts have been moved. It won't happen again.
2. I said I need to LEAVE at 6 AT THE LATEST. You arrived at 6.02. I was not ready to leave as nothing was ready and I was sorting Erin. My bike wasn't out etc. If you were home there wouldn't have been an issue.

07:15

I'm only saying that you woke me up. I've not moved the goal posts I'm just pointing out you woke me up. I've tried to get some exercise rather than lay in bed.

The Erin issue was not to be

The Erin issue was not to be expected. I asked you to get blue ready you didn't say no Erin is awake but then your argument got blown out the water as you played on a game for five mins and didn't leave. Sorry but the anger isn't aimed at me just taken out on me.

You had been getting good at speaking to me like shit then apologising. It was very good progression for the relationship.

Me being back from waking blue at 6:02 instead of 6:00 is not the issue here at all.
