Dickhead Donna? I'll tell her to fuck off personally. However it's your choice. It's my works do on Friday as well x

Thought that was the other Friday? It's mad Friday you've gone out every mad Friday. Think I'll say yes so I can go out.

I usually go out the week before mad Friday with the lads and mad Friday with work. Both work and lads do are this Friday so I'm missing the lads do. Well it's up to you but why don't you ask about Saturday and we can have a long over due date night x

You're out both Fridays on calendar

There was talk of possible night out on mad Friday. It's not official yet though. Well it might be but I don't know x

What have you said to her c

I needed it for discount and I replied to some work messages. Didn't tell you as I knew you'd be fuming. But even though it is having a negative effect being isolated away from my mates I've still done it for you x

You've got 5 minutes to get here

On my way x

You don't go to lengths to hide things from me

You don't refer to me as 'I'm like every other fucking woman cause I'm not. I'm fucking unique and you're lucky I've stuck around.

I've promised you I won't. Moving forwards we resolve things straight away. We work as a team. I don't bet delete texts but the few I have haven't called you I've said how Down I am but I feared you'd miss read them. I've not been too god the past two weeks. I want us to be the team I know we can be x

I'm the only woman you know full well I will stay loyal and faithful to you. I'm fucking amazing and you will not have anyone say otherwise. 🙄

The only person that's called you is me and that won't happen again. When one of us get angry we sort it straight away. No phones in bed unless both parties agree that it's essential x

We both have things to work on

Venture is my fucking drinking  
hole mate, my fucking stomping  
ground 🤡 🤡

I am an angel in yours eyes and  
that's how you refer to me  
otherwise I make your life a living  
hell. If you make out I'm a bitch I'll  
be one. You can either have the  
life of Riley or you have a loving  
hell. You decide. It's all based on  
how you speak of me. And know I  
have eyes and ears elsewhere  
before you go slating me tonight.  
I'm your future wife and you will  
fucking respect me or feel the  
wrath.

That everyone-likes you. The only  
person that's called you is me and  
that won't happen again. When  
one of us get angry we sort it  
straight away. No phones in bed  
unless both parties agree that it's
