

UK Guidance on Domestic Abuse Section:			

Katie bought an 18ft trampoline for her son's birthday. She had told me she had bought one and I needed to help erecting it. I said that's fine. The night before his birthday I discovered the size. I stayed that it was way too big and that it needed to be returned for a smaller one. She gaslighted and got angry stating my objection was because it was for James. As you can see here she is very angry. This resulted in over a week's silent treatment and resulted in me having to grovel.

Can you please try and remove all the paint in the bathroom x

07:45

Can you ring lookers and get my deposit back you paid on your card they won't do it for me. Need as much as I can now.

09:14

What have they said? Can they not get the Apr lower? x

09:17

I need the money not bothered about the car now

09:18

What for? x

09:25

Send me the number and I'll try and ring x

09:26

0161 333 3344 just see what he says and say the Apr is too high

09:38

Right I'll try later if I get chance Was his name sam x

09:4

Yeah tell him I've been busy with

Yeah tell him I've been busy with his birthday that's why I didn't

answer. Can just want my money

so I can move on

09:48

Move on from me? x

09:49

Just sort it please

09:49

I'll try later. You need to learn that

we will argue. Sod the trampoline.

You know I'm not happy about the

size of it but whatever. I'm not

arsed. We just won't be able to get

any garden furniture now x

09:51

I've got a lot of things to sort out.

Just leave me alone now please

nout to you so I'll be nout to you.

Not an argument. I obviously mean

09:53

How have you come to that

conclusion? I'm not having that

you're not thinking "this trampoline

is stupidly big. I've bought the

wrong fucking size" look at the

one Alfie Mann has. It's the right

size. I know you don't care about

Katie Kelly Old

size. I know you don't care about me or what I think but hey ho x

09:55

You said "if me leaving is what it takes to get rid of the trampoline so be it"

09:56

So leave me alone before it becomes very uncomfortable loving together for the next week

09:56

You need to learn people say things when angry. Sorry obviously I don't mean that but I'm not grovelling because of that. You need to learn to think before taking actions. Up to you if you want to throw it all away x

09:57

Nobody tells someone they love to leave if they don't really want them to. That's just psycho. A bit like going mental about a fucking birthday present. I'm done with it all. Nothing to throw away I can't stand arguments or the way you speak to me so just get my money back please so this can be quick.

09:59

I didn't tell you to leave but like I said not grovelling this time because you've done something unreasonable. I'm sick of it your choice x

10:01

I don't want you to grovel. I want someone who treats me like they actually love me. And for you to actually do as I ask for once in your life and leave me alone x

10:02

I always treat you with love and do anything you ask. I let you do whatever you want. However when you do something stupid like buy that trampoline then get angry that you won't listen to reasoning then what am I meant to say x

He's off he's ringing you tomorrow

Ok. You chilled any x

If you mean am I ok with being spoken to like shit yet, the answer will always be no.

I didn't. I got angry and I think you can understand why. You don't include me in big decisions that affect me. You say I don't care about you. You need to take a step back and see I do care about you it's you who doesn't care about me x

Not interested in your bollocks. Done fuck all wrong and get that yet I'm the one who don't care.

Not interested in your bollocks.
Done fuck all wrong and get that
yet I'm the one who don't care.
Nobody treats me and my kids like
shit cause they feel like it. You are
one jumped up petty little psycho
fairly who thinks he can do no
wrong. The last thing you want to
do is make me angry but you
couldnt leave me alone could you?
I'll show you what not caring looks
like mate.

What the fuck have I done to the
kids? All I've done is get angry at
you buying that stupidly massive
trampoline that everyone agrees
is too big. Listen I do everything
for you but you don't take my
feelings into account. So like I said
balls in your court do what makes
you happy. I'm sick of trying to put
the pieces back together whilst
you don't put any effort in. We can
talk about it if you want it you can
throw everything away but I'm not
doing all the work when you
caused it all by buying that
trampoline. Gft would have been
more than ample x

Trying to put the pieces back together haha at least you're funny eh. Stop fucking texting me. Be home for 6.30 so I don't have to take Emily with me. Don't you fucking dare start with your vile psycho arguments in front of Emily when you get in.

As you are aware I don't argue in front of the kids
