top of home insurance 12:53

You're paying for home insurance on 22 Sinclair place? Why? What's the cover home or content as well? I'd like to see the policy before cancelling 12:53 ✓✓

Kk I'll look for it now 12:53

We'll sit down and discuss it later. When we move we'll have a joint account with all the bills in. We will pay a fair percentage of our wage into that account to cover bills and only bills will come out of it 12:54 ✓✓

I'll see how I get on with those extra bits as my outgoings seem similar to yours and I'm not sure my salary can cope taking much else 12:54

I'm not having a joint account with a bf 😂 12:55

I do 14:39 ✓✓

I communicate well enough 14:39 ✓✓

Me not wanting a joint account is me not acting like I'm married? 14:39

Please tell me more about how I don't act married 14:40

Like I said the word sometimes was meant to be included in that message. Faithful wise and mothering and those aspects you do but logistics and partnerships sometimes aren't stereotypical married style 14:4

Communicate your issue 14:42

You don't want a joint account as you think I'm gonna steal the money 14:42 ✓✓

Would you prefer me to throw out all your food and make you a fry up 14:42

Even though I have supported you for years 14:42 ✓✓

Like I said I missed a key word. I'm not very articulated

14:43 ✓✓

But we're not a typical married couple are we

14:43 ✓✓

So purely because I don't want a joint account

14:43

No but we aren't a normal couple. You keep me at an arms length a lot. I think we are getting better but there's no logic in not wanting and account. If we weren't getting a mortgage I could agree as our credit files would be linked however a mortgage also does that

14:45 ✓✓

I don't like massive dicks so i wouldn't be married to you if you had one.

Why are men so caught up in Penis fucking size

14:47

I wouldn't be with you if your Dick was more than average

I wasn't trying to insult you. It was a hoke that you walked into.

Why are men so caught up in Penis fucking size

I'm not it wasn't the topic that I was offended by it was the fact that you wasn't well you decided to try and hurt my feelings to make you feel better

14:48 ✓✓

It wasn't but you know what I to the apology and moved on. It wouldn't have been brought up

12 Oct 2022 14:48 ✓✓

It wasn't but you know what I took the apology and moved on. It wouldn't have been brought up again if it wasn't for this argument.

However I miss a word out and I'm having to grovel.

I didn't think I am wrong when I say our marriage isn't stereotypical

14:49 ✓✓

If I wanted to hurt your feelings I'd use the things I know upset you. You know full well you don't have a big penis and that is the reason I like your penis. Why would mentioning your size upset you.

14:49

At no point have I asked or expected grovelling

14:50

You have an issue with our marriage so stop being a fucking wimp and raise it.

14:50

Nothing about me is stereofuckingtypical
